

## SUMMARY

A highly skilled and passionate PHP Developer with expertise in developing dynamic and scalable web applications using PHP, Laravel, CodeIgniter, and MySQL. Adept at creating user-friendly interfaces with HTML, CSS, JavaScript, and jQuery, ensuring a seamless experience across devices and platforms. Strong problem-solving skills, attention to detail, and a proven track record of delivering high-quality code on time. Eager to contribute technical skills and enthusiasm to a challenging role in web development.

## EDUCATION

### University College of Engineering Villupuram

Bachelor's Degree in ECE  
2019 - 2023 84%

### Saraswati Matriculation School

12th Grade : 79.6%  
2018-2019

## SKILLS

- Strong organizational and time-management skills
- Frontend: HTML, CSS, Javascript, JQuery Bootstrap
- Backend: Core PHP, Laravel, CodeIgniter Cake PHP, SQL
- Database: MySQL
- Experience in Payment Gateway, Api Integration
- Strong Communication with team

## CERTIFICATIONS

- TCS NQT Score
- Applied Cloud Computing From TCS

## PROFESSIONAL EXPERIENCE

### Junior Software Developer

Rifluxys Software Pvt Ltd, Chennai | Oct 2023 - Feb 2025 (1.5 years)

- B2C Project: Developed and integrated APIs using Laravel for a B2C platform. Worked on both frontend (HTML, CSS, JavaScript, jQuery) and backend (Laravel, API integration) to ensure smooth communication and a seamless user experience.
- B2B Project: Contributed to the frontend and backend of a B2B project by integrating third-party APIs into the existing codebase, improving functionality and overall system performance.
- Payment Gateway Integration: Successfully integrated Cashfree and ICICI payment gateways for secure transaction processing in both B2C and B2B projects.
- Implemented CRUD operations (Create, Read, Update, Delete) for multiple entities in both Laravel and RESTful APIs.
- Designed and developed REST APIs for handling data and ensuring seamless communication between systems and the frontend.
- Applied JavaScript validation for client-side form validation, ensuring data integrity and improved user experience.
- Collaborated with cross-functional teams to ensure seamless integration between frontend and backend systems.
- Wrote clean, maintainable code and performed regular code reviews to ensure project quality.
- Designed and developed responsive, user-friendly interfaces using HTML, CSS, JavaScript, jQuery, and Bootstrap.
