## Full Stack Developer

@ ashwithak7026@gmail.com <https://www.linkedin.com/in/ashwitha-k-928976189> 8610059824

## SUMMARY

I am a results-oriented Full Stack Developer with over 2 + years of hands-on experience in html,css PHP, Cakephp, JavaScript and SQL. My strong foundation in problem-solving and passion for technology drive me to create and optimize scalable web applications. I aim to join a forward-thinking team where I can contribute my skills to develop innovative solutions and enhance user experiences while engaging in collaborative projects.

## EXPERIENCE

### Senior Software Engineer

#### Mobius Knowledge Services

02/2021 - 04/2023

- Developed and maintained web applications with PHP (CakePHP, Laravel, Codeigniter) and JavaScript, following MVC architecture.
- Enhanced internal systems, notably the Employee Leave Management System, to improve UI/UX and workflow.
- Optimized SQL queries and JavaScript code to improve application performance, achieving faster load times.
- Built robust data import/export features supporting Excel/CSV formats.
- Implemented dashboards for data monitoring and business insights, boosting decision-making capabilities.
- Ensured code quality through rigorous testing and reviews, leading to a 30% reduction in bugs reported.
- Mentored junior developers, facilitating skill development and knowledge sharing.

## ROLES AND RESPONSIBILITIES

### Your Achievement

Developed features based on user story requirements and performed unit testing before each testing release as per sprint plan.

Worked with project managers, business analysts, and clients to resolve urgent technical live issues.

Trained and mentored junior developers and assisted them in completing their tasks.

Provided bug-fixing support for other projects in the team.

## PROJECTS

### MOJO 2021

01/2021 - 12/2021

- Executed comprehensive data abstraction processes to enhance the accuracy of critical information reports
- Implemented robust validation frameworks that minimized data discrepancies and ensured compliance with regulatory standards
- Developed mapping protocols to facilitate seamless data delivery in the specified formats, improving client satisfaction

### LEASE 2022

01/2022 - 12/2022

- Led the extraction and translation of key information from multilingual lease documents, ensuring accuracy and compliance with client specifications
- Managed the analysis and validation processes for lease data, streamlining workflow and enhancing data integrity

## SKILLS

CakePHP CSS Git HTML JavaScript MVC PHP React SQL Unit Testing Wordpress
