Objective:

Creative and detail-oriented Senior Web Designer with over [X years] of experience in designing and implementing innovative web solutions. Proven track record of delivering high-quality designs that meet business objectives while ensuring a seamless user experience. Seeking an opportunity to contribute my expertise and leadership skills in a dynamic web design team.

Professional Experience:

1. **Web Designer** | Voltech Engineers Private Limited, Chennai, Tamilnadu | [Dec 2020] - Present**

- Lead a team of web designers and collaborated with cross-functional teams to develop visually appealing and user-friendly websites.
- Successfully redesigned the company website, resulting in a 30% increase in user engagement and a 20% decrease in bounce rate.
- Conducted user research and usability testing to inform design decisions and improve overall user experience.
- Designed and implemented responsive websites for clients in various industries, ensuring compatibility across multiple browsers and devices.
- Worked closely with clients to understand their brand identity and objectives, translating them into visually compelling web designs.
- Collaborated with developers to ensure seamless integration of design concepts into the final product.

2. **PHP Developer**, Ethix industries, Chennai , Tamilnadu | [Mar2020 – Jun2020] **

Worked on the maintenance and improvement of existing web applications.

Collaborated with the team to troubleshoot and debug issues, ensuring optimal performance.

Assisted in the design and development of new features for [Product/Project Name].
