WORK EXPERIENCE

Front End Developer

Chennai/W2S Solutions

04/2019 - Present

Achievements/Tasks

- Collaborate with UX (User Experience) designers, Marketing, and other team members to create visually pleasing and user-friendly designs.
- Write clean, well-structured HTML, CSS, and JavaScript code to implement user interfaces.
- Ensure cross-browser and cross-device compatibility by using responsive design techniques.
- Implement interactive elements such as buttons, forms, animations, and user interface components to enhance user engagement.
- Optimize the performance of interactive features to ensure smooth user interactions.
- Conduct user testing and gather feedback to make iterative improvements to the UI.
- Ensure that the UI is intuitive, accessible, and aligns with user expectations.
- Work closely with back-end developers, designers, and other team members to integrate front-end and back-end functionality.
- Optimize the website or application for fast load times and efficient rendering.
- Minify and compress code and assets to reduce page load times.

Professional Summary

W2S Solutions

Short Description:

- Experienced UI Developer with 4.4 years of proven expertise in front-end web development and a passion for creating visually appealing, user-friendly interfaces. Proficient in HTML, CSS, JavaScript, jQuery, and WordPress, with a focus on responsive design and cross-browser compatibility. Skilled in collaborating with cross-functional teams to translate design concepts into functional websites and applications. Dedicated to optimizing user experiences through clean, efficient, and accessible code. Excited to leverage my 4.4 years of experience and contribute my expertise to innovative projects, driving exceptional user interactions. Also, a beginner in Next.js, eager to expand my skills in cutting-edge web development technologies.
