SUMMARY

Experienced Full-Stack Software Developer with 9+ years of expertise in .NET, PHP, Laravel, React.js, and MySQL. Skilled in designing, building, and maintaining scalable and secure software solutions. Passionate about clean code, performance optimization, and delivering high-quality applications. Dedicated developer with a background in writing clean, well-planned code for diverse web projects. Contributed to the whole development process by providing ongoing support during design, testing, release, and maintenance. Worked hard to produce high-quality work within specifications and timelines.

WORK EXPERIENCE

Cordova Education Solutions - Thiruvananthapuram

Sep 2023 - March-2024

- Led a team of 5 developers, managing project planning, task allocation, and technical guidance.
- Developed and maintained Laravel-based web applications, ensuring optimal performance and security.
- Designed and implemented RESTful APIs for frontend applications and third-party integrations.
- Optimized database queries, reducing load times and improving performance.
- Implemented authentication and authorization mechanisms using Laravel Passport & Sanctum.
- Collaborated with frontend developers, providing seamless API support for React.js applications.

Sprintzeal Empower Solutions – Bangalore

Nov 2022 – July 2023

- Led a team of 4 developers, managing project planning, task allocation, and technical guidance.
- Developed and maintained full-stack applications using React.js for the frontend and Laravel for the backend.
- Implemented state management solutions using Redux and Context API for scalable frontend applications.
- Designed and optimized RESTful APIs, ensuring fast response times and scalability.
- Integrated third-party services and APIs (Stripe, AWS) to enhance application functionality.
- Led code reviews and provided mentorship to junior developers.
- Collaborated with cross-functional teams to gather requirements and deliver high-quality solutions

All People Church and world outreach - Bangalore

June 2022 – Oct 2022

- Developed and optimized scalable Laravel-based applications, reducing load time by 80%.
- Designed RESTful APIs and integrated third-party services like Stripe, PayPal, and Firebase.
- Led a team of 10 developers, conducted code reviews, and mentored junior engineers.

Acquiro Soft - Nagercoil

April 2019 - March 2022

- Developed and maintained Laravel and Codeigniter Framework web applications, ensuring optimal performance and security.
- Designed and implemented RESTful APIs for frontend applications and third-party integrations.
- Optimized database queries, reducing load times and improving performance.

J2J Software Solutions - Bangalore

March 2018 - Feb 2019

- Developed custom PHP applications based on business requirements.
- Implemented authentication systems and user management modules.
- Optimized database performance and reduced query execution times.
- Wrote clean, well-documented, and reusable code.

Smashpro Technologies- Chennai

Jan 2015 - Feb 2018

- Built end-to-end web applications using ASP.NET Core (backend) .
- Developed reusable components and user-friendly interfaces with HTML, CSS, and Bootstrap. Worked with **multi-threading and Windows Services** to improve application performance.
- Designed and optimized complex SQL queries and stored procedures for data-intensive modules.

EDUCATION

M.C.A: Jerusalem College of Engineering, Chennai , Anna University
6.87 CGPA(2013)

BSc (CSE): Scott Christian College, Nagercoil, Manonmaniyam
Sundaranar University Percentage 53.12 (2008)

HSC: Government Higher Secondary School, Thazhakudy 57% (2005)

SSLC: Government High School, Puthery 53% (2003)

TECHNICAL SKILL

- **Languages:** C#, ASP.NET, PHP
- **Frameworks & Libraries:** Laravel, Codeigniter3, Codeigniter4.
- **Frontend:** HTML5, CSS3, Bootstrap, JavaScript, jQuery, Ajax, Reactjs
- **Databases:** SQL Server, PostgreSQL, MySQL, MongoDB.
- **Cloud & DevOps:** AWS.
- **Tools & Platforms:** Visual Studio, Git, Postman.
