About

Creative Web Designer with 2.5 years of experience specializing in WordPress design, development, and customization. Adept at using WordPress themes, plugins, and custom code to create dynamic and interactive websites. Committed to producing high-quality web solutions that drive engagement and business growth.

Experience

Web Designer (Wordpress) | WeDesign Tech

Sept 2022 - Mar 2025 / Coimbatore, Tamilnadu (Full Time)

- I have designed and developed over 25 custom WordPress websites across various industries, including WooCommerce, education, gaming, and real estate. Each website was crafted with a focus on responsive, user-friendly design to ensure a seamless experience across devices.
- By implementing HTML, CSS, and JavaScript, I created visually appealing and interactive web pages that engage users effectively.
- In addition, I managed website performance optimization, successfully improving loading speeds by 30% through techniques like image compression, caching, and code minification

Education

BE CSE | Christ The King Engineering College

2018 - 2022 / Coimbatore, Tamilnadu

HSC | Government Higher Secondary School

2017 - 2018 / Tenkasi, Tamilnadu

SSLC | Government Higher Secondary School
