

## SUMMARY

Front-End Developer with 7 months of internship experience at 4KF Integro, where I honed skills in designing and developing responsive, high-performance web pages optimized for seamless user experiences. Proficient in HTML, CSS, JavaScript, GitLab, Bootstrap, and WordPress, I converted design mockups into functional, interactive websites with attention to detail. During my internship, I also worked on WordPress websites, gaining experience in creating mobile-friendly websites that exceeded expectations and consistently met deadlines while delivering high-quality results. I am eager to bring my expertise and creative problem-solving to a forward-thinking development team.

## SKILLS SUMMARY

**Technical Skills:** HTML, CSS, JavaScript, Bootstrap, Git, Wordpress, Elementor, SQL  
**Tools:** Excel, VS Code, FileZilla, Canva, Figma  
**Soft Skills:** Communication Skills, Collaboration and Teamwork, Problem-Solving, Time Management

## 4KF INTEGRO PVT LTD

### INTERNSHIP

(Jun 2024 - Dec 2024)

Designed and developed responsive websites using HTML, CSS, JavaScript, and Laravel, ensuring user-friendly and engaging interfaces.

Key Projects:

- SkillBeeGlobal** : Developed a platform for selling offline courses, focusing on seamless user experience and modern design principles.
- jobs.SkillBeeGlobal** : Created a job listing and application portal with advanced search functionalities and user account management.
- Reloadbasics** : Built an online learning platform that delivers interactive content with seamless navigation and optimized performance.
- yercauds**: Built a WordPress website for real estate and organic product shopping, offering a smooth user experience and efficiency.

## PROJECT

### Personal Branding Website

Developed a portfolio website using HTML, CSS, and JavaScript to showcase my skills, experience, and projects as a front-end developer. Serves as an online resume and project showcase for potential employers and clients.

Technologies Used:

- HTML: Semantic structuring with headers, sections, and footers.
- CSS: Styled with Flexbox, Grid, and media queries for responsiveness.
- JavaScript: Added interactivity with navigation menus, smooth scrolling, and form validation.

Features:

- Fully responsive design for desktops, tablets, and mobile phones.
- Smooth scrolling and interactive navigation bar.
- "About Me" section, project showcase, and interactive contact form.
- Outcome: Created a visually appealing, functional portfolio to highlight my expertise and connect with employers and clients.

## CERTIFICATIONS

- HTML & CSS Depth – Meta**  
Learned advanced HTML and CSS techniques, including Flexbox, Grid, and responsive design.
- Programming with JavaScript – Meta**  
Mastered JavaScript fundamentals, asynchronous programming, and DOM manipulation.
- Git and Github – Google**  
Acquired version control skills, including managing repositories, branching, and collaboration on GitHub.
- Responsive Web Design – freeCodeCamp**  
Gained expertise in creating mobile-friendly designs with media queries and responsive layouts.
- Complete Digital Marketing – Udemy**  
Learned SEO, SEM, social media marketing, email marketing, and content strategies.
