Professional Summary

Web Developer with 3 years of experience building responsive, high-performance, and visually appealing websites. Skilled in front-end and back-end development using HTML5, CSS3, JavaScript, Bootstrap, and Tailwind CSS. Specialized in CMS-based solutions with WordPress, Drupal, and Craft CMS, with expertise in custom development, converting Figma designs into functional UIs, optimizing site speed, improving SEO, and resolving technical issues related to indexing and rendering.

Work Experience

Web Developer

Fueint Technologies | 2022 - Present

- **Developed and customized WordPress themes, plugins, and Gutenberg blocks**, enabling clients to manage content more effectively.
- **Translated Figma mockups into responsive, interactive web pages** using HTML5, Tailwind CSS, and JavaScript.
- **Implemented Drupal security updates and built custom modules** to improve functionality and site stability.
- **Ensured accessibility compliance (W3C standards)** in Craft CMS projects.
- **Optimized website performance** by improving CLS, LCP, and FCP metrics, resulting in faster load times and improved user experience.
- **Resolved SEO and indexing issues** in Google Search Console, enhancing organic visibility and search rankings.

Key Achievements:

- Developed responsive landing pages and custom modules aligned with Figma designs.
- Customized themes to enhance functionality and improve user experience.
- Maintained websites with regular updates, layout adjustments, and content fixes.
- Diagnosed and resolved SEO and indexing issues identified in Google Search Console.
- Improved site performance by optimizing CLS, LCP, and other core metrics using Google PageSpeed Insights.
