Bachelor of Technology (B.Tech)

2021-2024

Nagpur Institute of Technology, Nagpur

WORK EXPERIENCE

AbCoedTech Pvt. Ltd.

MAY 2024 - PRESENT

Web Developer

- Developed and maintained dynamic web applications using PHP.
- Designed responsive front-end interfaces using HTML5, CSS3, JavaScript, and Bootstrap to ensure cross-device compatibility.
- Created and consumed RESTful APIs for seamless data exchange between front-end and back-end components.
- Implemented secure user authentication, session management, and role-based access controls.
- Performed database design, query optimisation, and data migration tasks.
- Integrated third-party services such as Google Maps API and payment gateways.
- Designed and developed admin dashboards for client management systems, student portals, and booking platforms.
- Ensured front-end performance, SEO optimisation, and accessibility standards were met.
- Deployed applications on shared hosting environments and managed cPanel configurations.

PROJECTS

- College Management System** - Full-stack PHP/MySQL app for student, faculty, course, and exam management with role-based access, analytics, and automation.
- Institute, Conference & Corporate Websites** - Built responsive sites with course listings, registration, admin dashboards (PHP CodeIgniter, MySQL, Bootstrap).
- AtriCards Website** - NFC digital business card platform with profile creation, QR code generation, and integrated online payments.
- E-Commerce Website** - Full-stack PHP-based store with product listings, cart, checkout, and secure payment gateway integration.
- NFC-Based Attendance System** - Integrated ACR122U NFC reader with PHP backend for entry/exit logging using duration-based presence logic.
- Gallery Management System** - Backend-driven image gallery with categories, pagination, and search for the institute website.
- LMS Admin Dashboard** - Student CRUD, fee reports, performance tracking, and course management with AJAX/jQuery.
- QR Code Profile System** - Generated digital vCards with QR codes linking to profile pages and downloadable contact info.
