Objective

EEE graduate (2014), award-winning performer (Silver Medalist, Best Outgoing Student). Experienced in business development, recruitment, digital marketing, and team management, with exposure to electrical engineering concepts, PLC/SCADA, data analytics, and AI/ML (theoretical). After a career break since 2019, I am eager to restart my career and open to opportunities in any suitable field where I can learn, adapt, and contribute.

Education

- B.E. – Electrical & Electronics Engineering, 2014
- Silver Medalist – Academic Excellence Award (2014, 2015)
 - Best Outgoing Student (2014)

Skills

- Power BI, Excel (Advanced)
- Python (basic), AI/ML (theoretical)
- PLC, SCADA (conceptual)
- Recruitment, Business Development, Digital Marketing
- IELTS Certified

Professional Experience

Skyward Solution – Founder (Madurai) | 2014 – 2015

– Managed team operations and business finance for a KPO system.

M2Resources Inc – Recruiter & Business Development (US IT Recruitment) | 2015 – Jun 2016

– Worked in US IT sourcing for 6 months, later expanded into business development, selling staffing services to clients.

ECS Consulting – Business Development | 2016 – 2017

– Coordinated with teams on government portal bidding and end-to-end sourcing.

Freelancing & Agency Partnership – Digital Marketing | 2017 – Oct 2018

– Started as a freelance digital marketer, later co-founded an agency partnership to serve multiple clients.

Finatel Technologies – Digital Marketer | 2018 – Apr 2019

– Handled campaigns, branding, and client engagement to strengthen digital presence.

Career Break (2019 – Present)

– Focused on self-learning and refreshing skills in PLC, SCADA, AI/ML (theoretical), Python (basic), and analytics to prepare for re-entry.

Projects & Research

- Optimal Protection Coordination for Microgrids – optimized microgrid reliability (2013–2014).
- Public Safety Initiative – embedded systems & smart ATM project for safety (2013–2015).

Awards

- Silver Medalist – Academic Excellence (2014, 2015)
- Best Outgoing Student (2014)
