### G2PAY APPZH HR SOLUTION

#### Employee Leave Eligible Automation

2025 - JUN2025

- The leave eligibility system should credit leaves based on the Date of Joining (DOJ) for new employees, ensuring that their leave balance is allocated according to their tenure. For existing employees, leave eligibility should be credited annually based on their completed years of service. This ensures a fair and systematic approach to leave accrual, maintaining consistency in employee benefits management.

#### Employee weekoff Automation

2023 - 2024

- The leave eligibility system should credit leaves based on the Date of Joining (DOJ) for new employees, ensuring that their leave balance is allocated according to their tenure. For existing employees, leave eligibility should be credited annually based on their completed years of service. This ensures a fair and systematic approach to leave accrual, maintaining consistency in employee benefits management.

#### Events Management System (Including Payment Process)

2022 - 2023

- An Online Management System with Razorpay integration allows businesses to manage users and display multiple events. Users can view events and book tickets by clicking "Interested." Secure payments are processed through Razorpay.
