Summary

Highly skilled Full-Stack Developer with **5 years** of experience in building dynamic and responsive web applications using Laravel, MySQL, and Vue.js. Expertise in developing scalable back-end services with Laravel, designing and optimizing complex SQL queries and databases in MySQL, and creating interactive front-end components using Vue.js. Proven track record of delivering high-quality projects on time, collaborating effectively with cross-functional teams, and implementing best practices in coding and performance optimization. Passionate about learning new technologies and driving innovation in web development.

Professional Experience

- Web & API Developer** Oct 2024 - Present
NB MEDIA TECH PRIVATE LIMITED, Madurai, TamilNadu
We are developing a comprehensive Learning Management System (LMS) comprising three mobile applications **Vidhvaa - The Classmate**, **Vidhvaa - The Careermate**, and **Jesus - The Messenger** along with a centralized admin panel. The admin panel provides centralized control for user management, content uploads, analytics, and payment processing. Technically, the mobile apps are built using Flutter for cross-platform compatibility, while the backend is powered by Laravel with RESTful APIs. Data is managed using MySQL/PostgreSQL, hosted on AWS EC2 with CDN support for global access. This LMS solution ensures a seamless, engaging, and user-friendly experience for education, career, and community growth.
- Web Developer** Jun 2022 - Jul 2024
ELROI SOFTWARE SOLUTION PVT LTD, Madurai, TamilNadu
Developing front-end website architecture which includes designing interactive, responsive, and dynamic web pages. Developing back-end applications, databases and servers for creating a highly functional website. Deploying and configuring web applications in sever
- Web Developer** Jun 2019 - Jun 2022
SYSTEMANX IT SOLUTIONS PVT LTD, Madurai, TamilNadu
Developing front-end website architecture which includes designing interactive, responsive, and dynamic web pages. Developing back-end applications, databases and servers for creating a highly functional website. Deploying and configuring web applications in sever.

These platforms offer a convenient way for customers to browse menus, place orders, and track deliveries all from their smartphones or computers.

AbacuX & Abacux-Jewellery (Product)

Admin page

Laravel(Front-end & Back-end), Blade Template, HTML, CSS, This project is based on product-based projects which are like Abacux accounting software. Worked in frameworks like Laravel (Pure Laravel). J-QUERY, Ajax, HTML. In this p project, we have developed different types of modules like Estimates, Sales Invoice, Sales Receipt, Vendor Estimate, Purchase Bill, Exchange Bill, Pay Bill, Chit, Job Bills, Accounts etc.

Learning Management System (Product)

Application & Admin page

We are working on designing and developing a product-based Learning Management System (LMS) that consists of three mobile applications and a centralized admin panel. The applications cater to different educational and career needs:

Vidhvaa - The Classmate(APP - Backend)

Classmate tackles the most common challenges head-on, ensuring you reach your full academic potential. Vidhvaa Classmate isn't just a platform, it's a revolution in exam preparation. We believe that every student deserves a personalized learning experience, and that classrooms should be vibrant hubs of collaboration.

Vidhvaa - The Careermate(APP - Backend)

Vidhvaa, an Edtech platform, focuses on assessing the learning aspirants and helps them to know where they are on the path towards their goal, streamlining the learning process and to set a higher bench mark of every individual towards the goal of successful career with simplified regular practice which brings the extraordinary out of every aspirant.

Jesus - The Messenger(APP- Backend)

This Catholic mobile app is designed to bring you closer to the teachings and Wisdom of Jesus Christ, wherever you are. Experience the profound serenity of connecting with your faith through modern technology. Wherever you seek solace in moments of prayer or seek to deepen your spiritual journey, Jesus: The Messenger is here to accompany you every step of the way.
