EXPERIENCE

Ekta InfoTech

Sep 2024 - Current

Full Stack Developer

Daman & Diu, India

Designed and developed SEO-friendly, dynamic websites featuring admin dashboards, CRUD operations, multi-level product categorization, advanced search and filtering, inquiry management, and secure authentication workflows; collaborated remotely using GitLab to ensure smooth version control and project delivery.

EDUCATION

Birla Vishvakarma Mahavidyalaya

2016 - 2020

B.Tech - Electronics and Communication (CPI 8.67)

Anand, Gujarat, India

PROJECTS

[Shree TNB Polymers Limited](#)

- Built website using Laravel & Filament with CRUD, role-based admin panel, soft deletes, and profile settings.
- Implemented product/category management, CMS pages, and an enquiry system with email notifications & autosuggestion search.
- Achieved 85%+ PageSpeed Score with a responsive, SEO-friendly architecture.

[Sun Imports \(Medical Instruments\)](#)

- Developed SunImports.in as my first full-stack project with a secure role-based admin panel.
- Implemented multi-level product & category CRUD management for efficient data handling.
- Built an enquiry management system, streamlining customer interactions and responses.
- Added profile settings, user authentication, and soft deletes, optimizing performance (90+ score) with an SEO-friendly architecture.

[Om Sai Ram Enterprise](#)

- Designed and developed a role-based admin dashboard with hierarchical CRUD for products and categories.
- Built an enquiry module with automated responses and added profiles, authentication, and soft delete/restore.
- Achieved 90+ performance score with a responsive, SEO-optimized structure.

[Valia Industrial Park](#)

- Built a website with interactive facility & amenity listings, contact forms, and brochure downloads.
- Ensured high performance and responsive design for smooth cross-device user experience.

[Shivam Group](#)

- Built multiple project websites with interactive listings and brochure downloads.
- Delivered optimized performance with responsive design for smooth UX.

[Shrimk Mehta School](#)

- Built a dynamic school website with an easy-to-use Transfer Certificate system for teachers and parents.
- Simplified certificate requests, downloads, and access, improving convenience and transparency.
