PERSONAL PROFILE

I'm a motivated and results-driven Website Developer with 10 months of experience building and customizing responsive websites. I work confidently with WordPress, HTML, CSS, JavaScript, and basic PHP for backend tasks. I enjoy creating clean, user-friendly interfaces and improving website performance. I'm passionate about learning, solving problems, and delivering websites that are both functional and visually appealing.

WORK EXPERIENCE

Tech Thulasii - Wordpress Developer

Apr - Present

- Worked as a WordPress Developer at **Tech Thulasii**, handling complete website development and maintenance.
- Built and customized websites using WordPress themes, plugins, and page builders.
- Managed website updates, content changes, and overall site functionality.
- Implemented responsive design to ensure compatibility across devices.
- Optimized website performance for faster loading and better user engagement.
- Collaborated with design and content teams to meet client requirements and deliver high-quality websites.
- Troubleshoot and resolved front-end and basic back-end issues using HTML, CSS, JavaScript, and PHP.

Spinta Digital Solution - Web Developer Intern
