PERSONAL DETAILS

Father's Name: Muthu Arunachalavel . S

Date of birth: 28.06.1998

Gender: Female.

Marital status: single

Address: 2F/866 P&T Colony, 16th Street, Thoothukudi.

Project 1 – Ujivan bank

1. Designed and implemented responsive Drupal themes for optimal user experience across devices.
2. Conducted performance optimizations to improve page load times and server response.
3. **Technologies Used:** Drupal 10, PHP, JavaScript (jQuery), HTML/CSS, MySQL, Git.
4. Implemented caching strategies, resulting in a 40% decrease in page load times and improved user retention.

Project 2 – Ags Egle website

- Developed and deployed a custom WordPress eCommerce site using WooCommerce, including dynamic product management and payment gateways.
- Created custom plugins to improve product filtering, inventory tracking, and user experience for a seamless online store operation.
- Optimized site performance by developing lightweight, secure plugins, ensuring fast load times and high scalability during peak traffic.

Project 3 – Conference in USA - Event Management Platform

Role: Full stack Developer

Developed a responsive event management platform using HTML, CSS, and JavaScript, Angular and PHP. Designed a clean, mobile-first interface with dynamic features like event search and registration forms. Ensured cross-browser compatibility and optimized performance. Integrated real-time interactions using AJAX and collaborated with the backend team.

Technologies & Tools:

- HTML5, CSS3, JavaScript (ES6+), PHP, Angular
- Responsive Web Design (Flexbox, Grid, Media Queries)
- AJAX for real-time interactions
- Git & GitHub for version control and collaboration
