## About

Creative Web Designer with 3 years of experience specializing in WordPress design, development, and customization. Adept at using WordPress themes, plugins, and custom code to create dynamic and interactive websites. Committed to producing high-quality web solutions that drive engagement and business growth.

## Experience

### Wordpress Developer | Instiqa

Oct 2025 - Current / Chennai, Tamilnadu (Full Time)

- I have developed more than six WordPress websites as a primary developer and have also worked on several projects as a team member. I have hands-on experience with site migrations, domain and hosting management, and ongoing support work. Additionally, I have worked on a custom development project called Legal AI and provided support for a Shopify website.

### Web Developer | Zecway Studio LLP

Mar 2025 - Jun 2025 / Bengaluru, Karnataka (Full Time)

### Web Designer (Wordpress) | WeDesign Tech

Sept 2022 - Mar 2025 / Coimbatore, Tamilnadu (Full Time)

- I have designed and developed over 25 custom WordPress websites across various industries, including WooCommerce, education, gaming, and real estate. Each website was crafted with a focus on responsive, user-friendly design to ensure a seamless experience across devices.
- By implementing HTML, CSS, and JavaScript, I created visually appealing and interactive web pages that engage users effectively.
