Professional Experience

Wahmi Software & Solution — Full Stack Developer (2021 – Present)

- Developed and maintained multiple PHP-based web applications.
- Led front-end and back-end modules using HTML, CSS, JavaScript, and PHP.
- Integrated secure payment gateways for various e-commerce projects.
- Built and optimized MySQL databases for performance and scalability.
- Collaborated with cross-functional teams to ensure project success and timely delivery.

Key Projects

Kitchen Equipment Application

Designed and developed an e-commerce platform for kitchen products (online & offline sales). Created a responsive UI and integrated payment gateway. Built a custom inventory management module to streamline product tracking.

Watch Selling Application

Developed an e-commerce site for buying/selling watches with a location-based filter system. Improved checkout flow, reducing cart abandonment by implementing optimized code.

Vehicle Selling Application

Created a vehicle marketplace for cars, bikes, trucks, and vans. Designed responsive layouts and implemented secure payment integration.

Education

MCA – Master of Computer Applications

EGS Pillay Engineering College, Nagapattinam (Year of Passing: 2021)

Languages Known

Tamil, English
