Software Developer | Immediate joiner | 3+ Years Experience

📞 +91 8148533320 | ✉️ madhupriyas111999@gmail.com 📍 Tiruvallur, Tamil Nadu

## PROFESSIONAL SUMMARY

Results-driven PHP Developer with 3+ years of experience in building scalable web applications using PHP, CodeIgniter, and Laravel. Strong expertise in developing ERP and management systems, implementing MVC architecture, optimizing MySQL queries, and creating secure, high-performance applications. Experienced in both frontend and backend development with a focus on clean code and maintainability.

## TECHNICAL SKILLS

Languages: PHP, Java

Frameworks: CodeIgniter, Laravel, Spring Boot

Frontend: HTML, CSS, JavaScript, jQuery, AJAX, Bootstrap

Database: MySQL, SQL Server

Concepts: MVC Architecture, OOP, REST APIs, Query Optimization.

Tools: Git, VS Code, Postman

## WORK EXPERIENCE

### Software Developer – JSE Engineering Pvt Ltd (March 2023 – December 2025)

- Developed and maintained ERP and employee monitoring modules.
- Implemented attendance, leave, invoicing, and timesheet systems.
- Optimized SQL queries, improving system performance and report accuracy.
- Resolved business-critical issues in leave and LOP calculation logic.

### Software Developer Trainee – Bijlipay (May 2022 – December 2022)

- Built backend and frontend features for administrative applications.
- Worked with Java and Spring Boot for backend services.
- Automated reports and resolved production issues.

## PROJECTS

### ERP & Employee Monitoring System

Tech Stack: PHP, CodeIgniter, MySQL, JavaScript, jQuery, AJAX, HTML, CSS, Bootstrap

- Systematized HR and attendance workflows, reducing dependency on manual Excel processes.
- Enabled real-time task allocation and project tracking for team leads.
- Improved productivity through optimized SQL joins and database design.

### BMS Project (Business Management System)

Tech Stack: PHP, Laravel, MySQL, Blade, HTML5, CSS3, JavaScript, Bootstrap, Chart.js

- Developed a web-based Business Management System with user authentication and role-based access.
- Implemented CRUD operations, dashboards, and reporting features.
- Followed MVC architecture with secure form validation and database integration.

## EDUCATION

B.Sc.ComputerScience – University of Madras (2018 – 2021) | 82%

## CERTIFICATION

Certified Full Stack Developer – 6-month training at Besant Technologies
