PROJECT HANDLED

Project Name : ROSUN FRUITS

Technology used: HTML5, CSS3, JavaScript, and Bootstrap.

Project description: Developed and maintained a responsive corporate website for Rosun Fruits, focusing on showcasing products, improving brand presence, and enhancing user experience. Collaborated closely with the client to understand business requirements and deliver a clean, user-friendly website aligned with their brand identity.

Project Name: RRASE

Technology used : WordPress.

Project description: Developed a responsive academic website for RRASE College, aimed at providing clear information about courses, departments, admissions, and campus activities. Worked closely with the institution to design a user-friendly website that improves accessibility for students, parents, and faculty.

Project Name : PRINCE JEWELLERY

Technology used : PHP, CSS, JavaScript, and Bootstrap.

Project description: Designed and developed a visually appealing jewellery website for Prince Jewellery, focused on showcasing jewellery collections and enhancing the brand's online presence. The website emphasizes elegant design, smooth navigation, and an engaging user experience.

Project Name : MUDRA , XMEDIASOLUTIONS

Technology used : Wordpress.

Project description: Developed a creative banner-based website for MUDRA, showcasing banners, designs, and promotional works with a clean layout and smooth navigation.

Built a professional and responsive corporate website for Xmedia Solutions, highlighting software services, solutions, and technical expertise. Focused on user-friendly UI, responsive design, performance optimization, and SEO-friendly structure across both projects.
